

Hardik Shali

Software Engineer

I am a skilled front-end software engineer with experience creating appealing, user-friendly interfaces. As an implementation consultant, I leverage my technical expertise and problem-solving abilities to ensure the smooth integration of systems and processes for clients. I stay updated on the latest technology trends and constantly seek new challenges to enhance my skills.

WORK EXPERIENCE

IMPLEMENTATION CONSULTANT

Dataio Pvt. Ltd.

04/2023 - Present

Surat, Gujarat, India

Achievements/Tasks

- Embarked on a comprehensive exploration of MDM system architecture, seamlessly mastering its core components with an innate proficiency.
- Successfully completed rigorous MDM Implementation Consultancy Training, delving deeply into key strategies, solutions, and best practices.
- Possess a strong foundation in data governance frameworks, eager and well-prepared to apply this knowledge in real-world, data-centric initiatives for forward-thinking organization

SOFTWARE ENGINEER

ACCUBITS TECHNOLOGIES INC

12/2021 - 04/2023

Thiruvananthapuram, Kerala, India

Achievements/Tasks

- ASN- NFT Project** - <https://www.futuregrail.com/>
- Technical Contribution:** Played a key role in developing the platform using NextJS for server-side rendering, Redux for state management, and Styled Components for an enhanced UI, always collaborating closely with colleagues.
- Tool Mastery:** Utilized Git for code versioning and Jira for project tracking, ensuring seamless teamwork and organized task progression. **Outcome:** Contributed significantly to the successful deployment of a dynamic platform for CoinFactory, showcasing both technical acumen and collaborative spirit.
- HealthierU** - <https://healthieru.ae/>
- Frontend Collaboration:** Actively engaged in crafting the platform using ReactJS, Material-UI, and CSS, collaborating with team members for optimal results.
- Integration Role:** Assisted in API integrations for dynamic data and supported the introduction of chat/video call features via the Agora SDK. **Outcome:** Played a vital role in delivering a versatile platform for a Dubai-based client, underlining both technical proficiency and team synergy.
